Hello friend.

I am GLORIA sending warm greetings to you. I am fine and happy. My health is good and every thing is going on well. Let me hope that you are fine and happy.

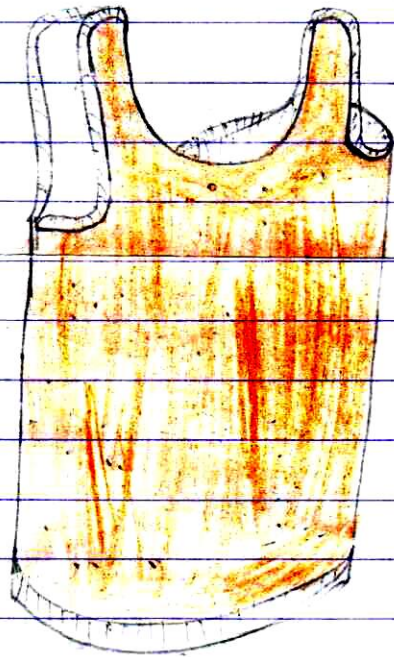

We study well at school and our teachers teach us well. We were taught about a good child and the child's responsibilities both at home and at school. We have to be well behaved, loving one another, helping each other, at home we have to help our parents with some work at home like cooking, fetching water, cleaning the compound, listening to elders. Let me end here by wishing you all the best as you celebrate the birth of our lord Jesus christ. Have much fun with all your family members and friends. Greetings to all family members and friends. May God bless you.

I remain

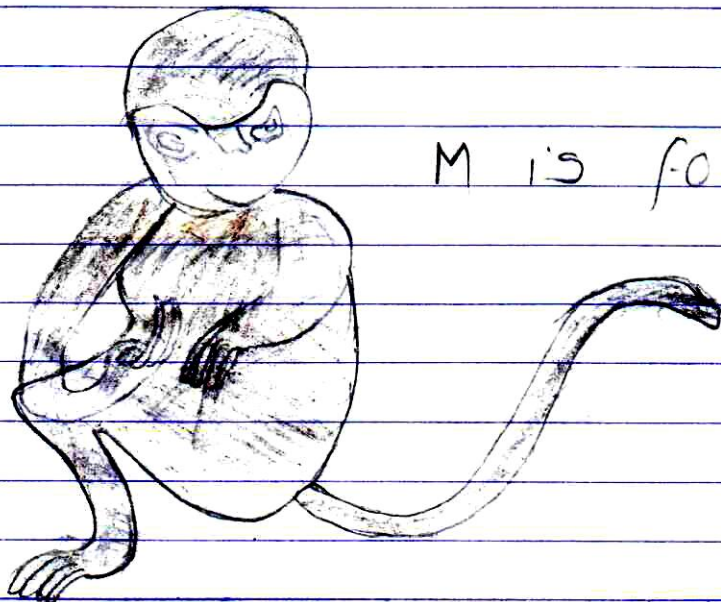

Mamuelu GLORIA.

Gloria

L is for lamp

M is for Monkey
